THE BROTHERS PEASE

The story of Kyle & Brent Pease will inspire you to find your finish, to define for us all what is truly possible. Kyle, born with spastic quadriplegic cerebral palsy has never stopped striving for his very best. Together, with his brother Brent he has become one of the most recognizable endurance athletes, competing in some of the world's toughest endurance challenges.

Today, I challenge each of you to listen to this story of brotherhood, of teamwork and of their interminable bond and to strive for your finish. For as Kyle likes to say, "where there is a wheel, there is a way."
